Summer 2026

This term the theme will be **urban landscapes**. You may wish to consider the following key features:

Architectural: focus highlighting cityscapes buildings, skyscrapers and infrastructure often incorporating geometric abstraction.

Atmosphere and energy: utilising light colour and texture to capture the hustle and bustle of city life often contrasting with the stillness of traditional rural landscapes.

Cultural representation: serving as a snapshot of a specific time or location of incorporating social messages through street art or portraying diverse urban life.

Green spaces: parks, community gardens and landscaped areas.

Public social/spaces: streets, community interaction, crowds.
